

IJCNN 2011 - San Jose, California

July 31 – August 5, 2011

Sponsorships are invited for the **2011 International Joint Conference on Neural Networks** to be held at the Doubletree Hotel in San Jose, California, July 31 – August 5, 2011. The conference is organized by the **International Neural Network Society** in collaboration with the **IEEE Computational Intelligence Society**.

The range of topics covered includes, but is not limited to:

- Neural network theory & models.
- Computational neuroscience.
- Cognitive models.
- Brain-machine interfaces.
- Embodied robotics.
- Evolutionary neural systems.
- Neurodynamics.
- Neuroinformatics.
- Neuroengineering.
- Neural hardware.
- Neural network applications
- Pattern recognition.
- Machine vision.
- Collective intelligence.
- Hybrid systems.
- Self-aware systems.
- Data mining.
- Sensor networks.
- Agent-based systems.
- Computational biology.
- Bioinformatics
- Artificial life.

Network
Society

IEEE
Computational
Intelligence
Society

The conference will feature:

- Contributed technical talks and posters describing the latest research from around the world.
- Plenary lectures by world-famous researchers in neural networks and related fields.
- Special sessions covering topics of active current interest.
- Pre-conference tutorials and post-conference workshops with presentations by experts.
- Challenging competitions on applying neural networks to difficult computational problems.

Please check the conference website for details: <http://www.ijcnn2011.org>

Sponsorship & Exhibitor Information

IJCNN provides a range of opportunities for entrepreneurs, engineers, educators and researchers working in neural networks and related areas such as neuroengineering, robotics, data mining and bioinformatics. These include:

- Training in cutting-edge methods and technologies by leading experts.
- Obtaining a comprehensive view of the latest research.
- Networking with researchers and other professionals from a broad range of disciplines.
- Connecting with potential collaborators and employers.
- Well-targeted publicity for new products, technologies and ventures.

To take advantage of these opportunities and to help enhance them, corporations, research centers, universities and individuals are invited to become sponsors of IJCNN 2011. Three levels of sponsorship are available, each providing a range of benefits.

Sponsorship Level 1 (\$1,000)

Recognition in program book (name only)

Two complimentary banquet tickets *or* complimentary registration to tutorials

Sponsorship Level 2 (\$5,000)

Two complimentary full conference registrations including tutorials and workshops

Complimentary booth in exhibit hall

Recognition in INNS newsletter

Recognition in Program book (sponsor logo)

Recognition on signage in registration area (sponsor logo)

Sponsorship Level 3 (\$10,000)

Four complimentary full conference registrations including tutorials and workshops

Complimentary booth in exhibit hall in prime location

Sponsor logo shown on IJCNN website

Sponsor logo shown on loop prior to awards banquet

Recognition by INNS President during awards banquet

Recognition in INNS newsletter

Recognition in Program book (sponsor logo)

Recognition on signage in registration area (sponsor logo)

Note: Each complimentary full registration can be exchanged for two student registrations.

Exhibitor Rates:

A limited number of booths will be available in the exhibit hall at the following rates:

- Prime locations (near entrance and/or refreshments): \$1,500
- Other locations: \$1,000

The exhibit hall will also be the venue for poster presentations during the meeting, and will be visited regularly for extended periods by all conference participants.
